Subject: RE: Red Hill Administrative Order on Consent (AOC), Attachment A Scope of Work (SOW) Deliverable, Section 4.2 - Completion

Jimmy,

Thanks for sending this and the Corrosion and Metal Fatigue Practices Report. While the file contains the correct information, the title of the file is in error. The title of the file is "Red Hill AOC Para 4.2 Outline of Corrosion and Metal Fatigue Practices Report Final.pdf" while the actual document is "Outline of Current Fuel Release Monitoring Systems Report 26 October 2015".

For legal purposes I created an EPA file that will contain all deliverables. I want to also include the cover emails in this file. While I can simply rename the file so it correctly refers to document contained within it, in your email, the file will still be mis-named. Then I would have a file with one name that doesn't match the file named in your email. Can you please rename the file and resend it and the cover email?

I did see your recall email so maybe this is something you are already planning to do.

Project Coordinators,

The Navy/DLA is pleased to provide the attachment required by the AOC, Attachment A (SOW), Section 4.2 Deliverable: Outline of Current Fuel Release Monitoring System.

IAW AOC I provide the following:

1. Paragraph 6(f) - Providing this report to you (Project Coordinators) via e-mail as agreed upon.
2. Paragraph 9 - Document is certified by Regional Engineer for CNRH,
3. Paragraph 21 - Record will be preserved by FLC Pearl Harbor IAW appropriate federal records retention schedule. Until our electronic file access site is on-line I have the submittal at the NAVFAC Hawaii compound, a centralized location at the Site. Note: As you know we anticipate getting the

electronic file access site on-line shortly.

I look forward to approval so we can start the AOC/SOW, Section 4.3 Current Fuel Release Monitoring Systems Report.

Please let me know if you have any questions. If desired I can set up a technical discussion once comments are made available.

V/R,

- Jimmy / Navy and DLA Project Coordinator
